

## CUSTOMER TESTIMONIALS

# We are happy to share our customer reviews with you, because happy customers are the rule at Energy Shield

Just a little note to say we have noticed a BIG difference in the comfort of each room. We set the dial the dial at 72-73 (Room Temperature) Our monthly bill has also seem considerable savings! **Betty Abbott, Des Moines Iowa**

We recently had the Reflective Insulation applied to our walk-in attic. Our home was built 110 years ago and has always been difficult to heat and cool. Since the installation, we have already noticed a drastic improvement in the comfort. There is a more even temperature level in all floors. We know the system is going to work as well for the summer months when we want the second floor to stay cooler. I was skeptical at first, but now I am thoroughly convinced this system is great.  
**Jim Cluney, Washington Iowa**

My electric bill for the current invoice is nearly 1/3rd of the same month a year ago. I don't know if you remember, but I was fussing about the price of the product when I put it in my attic. Now, with such noticeable improvements, I have gotten more use in the basement for my honey do list. I am very happy. Feel free to have people call if they have questions on your product, and how it saves money! **Curtis Carlson (Iowa)**

I have noticed my home is much more comfortable and my furnace and air conditioner don't seem to run so much.  
**Kathy Zoch, Fort Dodge Iowa**

...it does not take much to cool or heat our home since we installed Reflective Insulation! **Buck and Marge Messinger**

....our son's room upstairs used to get very hot in the summer and very cold in the winter, not any more since we installed Reflective Insulation! **Paul Lamuntan, Des Moines, Iowa (Retired Military)**

...we have noticed that Reflective Insulation has made a big difference in our home as far as the comfort level. Our furnace and air conditioner do not run as often as it did before it was installed and we are noticing a very nice savings in our utilities. We can really tell a difference! **John and Doris Crosswhite (Retired Minister)**
